

An aerial photograph of a mountain range. The foreground shows dark, rocky peaks. Below the peaks, a valley is filled with a thick layer of white fog or low clouds. In the distance, more mountain ranges are visible, partially obscured by the haze. The sky is a soft, hazy blue-grey color.

ACADEMIC ADVISING

PSYCHOLOGY

DR. NEAL

WHAT IS ACADEMIC ADVISING?

- It happens once every semester.
- You look at upcoming classes and pick which courses you want/need to take next semester
- Every school has its own system

WHAT IS THE PROTOCOL?

1. You review advising instructions and select courses
2. You email myself and the registrar your schedule proposal
3. We review and email you either to approve or to suggest changes
4. You register in student portal for the courses

WHY WOULD WE SUGGEST CHANGES?

Academic advising involves looking at the classes you need to take to graduate in your specific degree and track, then compares those to the classes you've already taken.

- Sometimes you can't take one class before you have taken another (pre-req)
- There are rules about how many classes to take and which classes to take (ex. must take at least 1 bible course every semester).

WHAT DO YOU NEED TO DO?

1. Pull Up Your Degree Requirements

(from the course catalogue)

<https://www.dallas.edu/wp-content/uploads/2020/07/DCC-Catalog-2020-2021.pdf>

Psychology starts pg 107

2. Pull Up Your Degree Transcript

(from your student portal)

EXAMPLE DEGREE

This includes all the classes you need to take before you graduate.

Make sure you are looking at the RIGHT degree...

* Requires enrollment in SCIN-2110 to fulfill science requirements in most degree programs.

IS THERE A DEADLINE?

Yes!

March 28-April 1st

Registration (the time you have to register for new classes without incurring a financial penalty/late fee)

You can register at any time, but you avoid late fees if you register before April 1st.

TIPS

1. Don't forget to include at least 1 bible class. This is required of all students
2. 4 classes constitutes full-time (for financial aid)
3. If you have outstanding debt to the school the system won't let you register yet – see Breanda Williams for financial advice.
4. Think about when the classes are.
5. Don't pick level 3000 or 4000 classes until you have completed some lower level courses.
6. 21 hours of open electives means you can pick courses not specifically in your degree but which are interesting to you.
